

Restorative Attendance Practices

Welcoming and inclusive schools

From the attendance office to the classroom in every interaction and conversation – reimagining positive school climate and equitable practices where our youth want to be and where they thrive

Trusting relationships and partnerships

Partnering with families and community-based organizations to learn what is really needed to improve attendance and to provide for those needs

Meeting students' needs

Attendance practices at all levels focused on finding root causes for absences and providing resources and supports to students and families to meet their needs and improve school attendance

For additional resources, visit our website:
www.sccoe.org/yhw/attendance
