Deputy Clerk

K. HIMES

ORDER FOR ACCESS TO JUVENILE JUSTICE RECORDS

The City of San Jose Mayor's Gang Prevention Task Force Outreach programs, Reentry Partnership and the Female Intervention Team, need to assess and provide the best intervention to our Juvenile Justice Youth. These youth will be either court ordered or assigned by the Santa Clara County Probation Department into these services. Access to information in the Juvenile Court records is necessary to make appropriate interventions.

Therefore, these programs are authorized to inspect the Juvenile Court records of any youth referred to these programs, including those records maintained by the Santa Clara County Probation Department. This Order does not allow copying or maintaining of any records by the City of San Jose Youth Outreach Programs, and any information obtained from these records shall remain confidential and not be used or disseminated other than to identify and implement their interventions.

July 20, 2015

The Honorable Patrick Tondreau
Presiding Judge of the Juvenile Court
