Global Microsoft Outage Impacts Santa Clara County Superior Court Operations

SAN JOSÉ, California (July 19, 2024): A faulty update to security software deployed to systems running Microsoft Windows has caused disruptions to devices that rely on Microsoft 365 apps across all courthouses within the Superior Court of California, County of Santa Clara. Our Information Technology (IT) team has been working tirelessly to restore our systems. Despite the technical difficulties, we have ensured the continuity of operations with minimal disruptions.

We appreciate the public's patience and understanding as we address this challenge. Updates will be provided as the s
