SUPERIOR COURT ANNOUNCES NEW TRAFFIC SCHOOL PROVIDER

Effective April 1, 2006, Santa Clara County Superior Court's sole provider for traffic school will be **Interactive Solutions Inc., dba DriversEd.com**. Traffic violators cited in Santa Clara County who wish to attend traffic school must be referred by the Court to DriversEd.com in order for their case to be dismissed upon completion of the course.

The current provider, Alliance Traffic Safety, will continue to accept registrations through March 31, 2006 and provide in-person classes through April 30, 2006. Proctored exams for on-line classes offered by Alliance Traffic Safety must be completed by April 30, 2006.

DriversEd.com will offer both classroom and on-line classes. Class fees will be \$30.00 for both classroom and on-line courses. In addition to taking the proctored exam at DriversEd.com participants can choose, as a convenience, to take the exam at local UPS Store locations. (UPS Stores charge a fee of \$5.00, which is not included in the class fee).

DriversEd.com will conduct classes at locations throughout the county. Classes will be available in Spanish and Vietnamese as well as English.
